Subject: Many Blessings Despite the Covid

To: Keith Merriman <keithamerriman1998@gmail.com>

Dear Pastor Keith and the Brethren,

Mary and I are hearts rejoice to know that we are really among the Chosen one of God! Mfomakap ministry has been such a challenged one! We baptized 15 within the year 2020 and we are seeing more and more, coming back in the Lord and in the Church. Some Christians that have been

disciplined are coming back to the church with a very different attitude and testimony. There is no other true joy except to see people's lives changing the more and more!

We are rejoicing to see many students ready in the East, Raymond's area to start to be trained for the work of Evangelism. We are very Evangelistic here in Africa. However when we'll trained the more, our african brethren shall conquer the more their territory!

Pray the figure of our churches changed by the Lord adding the saved. We need to see multiplication in our church. See each saint being available to go and have he/she her feet beautiful by the preaching of the Gospel.

Pray for good health and Elizabeth eyes to have a definitive solution. Pray for all our kids to do well in their studies and for all that they are.

Pray for all saints will be exempt from Covid 19. Thanks again for being part in all supports. May Ph 4:17-19 be your portion.

Maranatha

Brethren, Pray for the us!

1Cor 15:10.
